Dear Lil + Harold,

Our house is in this village, though it would be one more postcard over to the right....

I got your letter just before we left (we return on Labor Day). I wish I had some brilliant publishing advice for you. I might have an idea or two (carrying on the better Sk tradition?) What's needed, though, is a 1-PAGE summary of the book. Really. More in the fall - love - Kathy

Glandore is an attractive little resort with a beautiful outlook over the waters of the Harbour. The neighbouring coast is strikingly picturesque, especially when viewed from the road leading to Leap and Skibbereen.
